

Linx Printing Technologies Ltd is an environmentally responsible company. In accordance with the Waste Electrical and Electronic Equipment (WEEE) Directive, we therefore offer a take back and recycling service to ensure environmentally sound treatment and disposal of our products.

Old electrical equipment can be recycled, it is now marked with a crossed-out wheeled bin symbol shown below. Please do not dispose of any electrical equipment (including those marked with the crossed out wheeled bin symbol) in your waste streams. If you wish to dispose of obsolete equipment or batteries locally then please ensure they are collected, treated and recovered with an environmentally sound disposal of WEEE.

Any Linx Printing Technologies obsolete equipment (including Displays, Cable forms, Electrical connectors, Printed circuit boards, Power Supplies, Printheads, Sensors) and Batteries can be returned to us for responsible disposal.
