

# Best performing coder for Chemical Manufacturers

## THE LINX 8900

Increased  
**quality**  
and flexibility by  
coding on a wide  
range of  
substrates

**Clear,  
durable  
codes**

which are fast  
drying, chemical  
resistant and  
coloured

**One printer  
can cover  
primary and  
secondary  
packaging**

Meet coding  
regulations with  
up to 5 lines  
of code including  
QR codes,  
and 2D coding

**Right  
first-time  
codes with  
simple set up  
and error free  
interface**

**Denser  
codes**

to meet  
compliance  
for clarity and  
durability

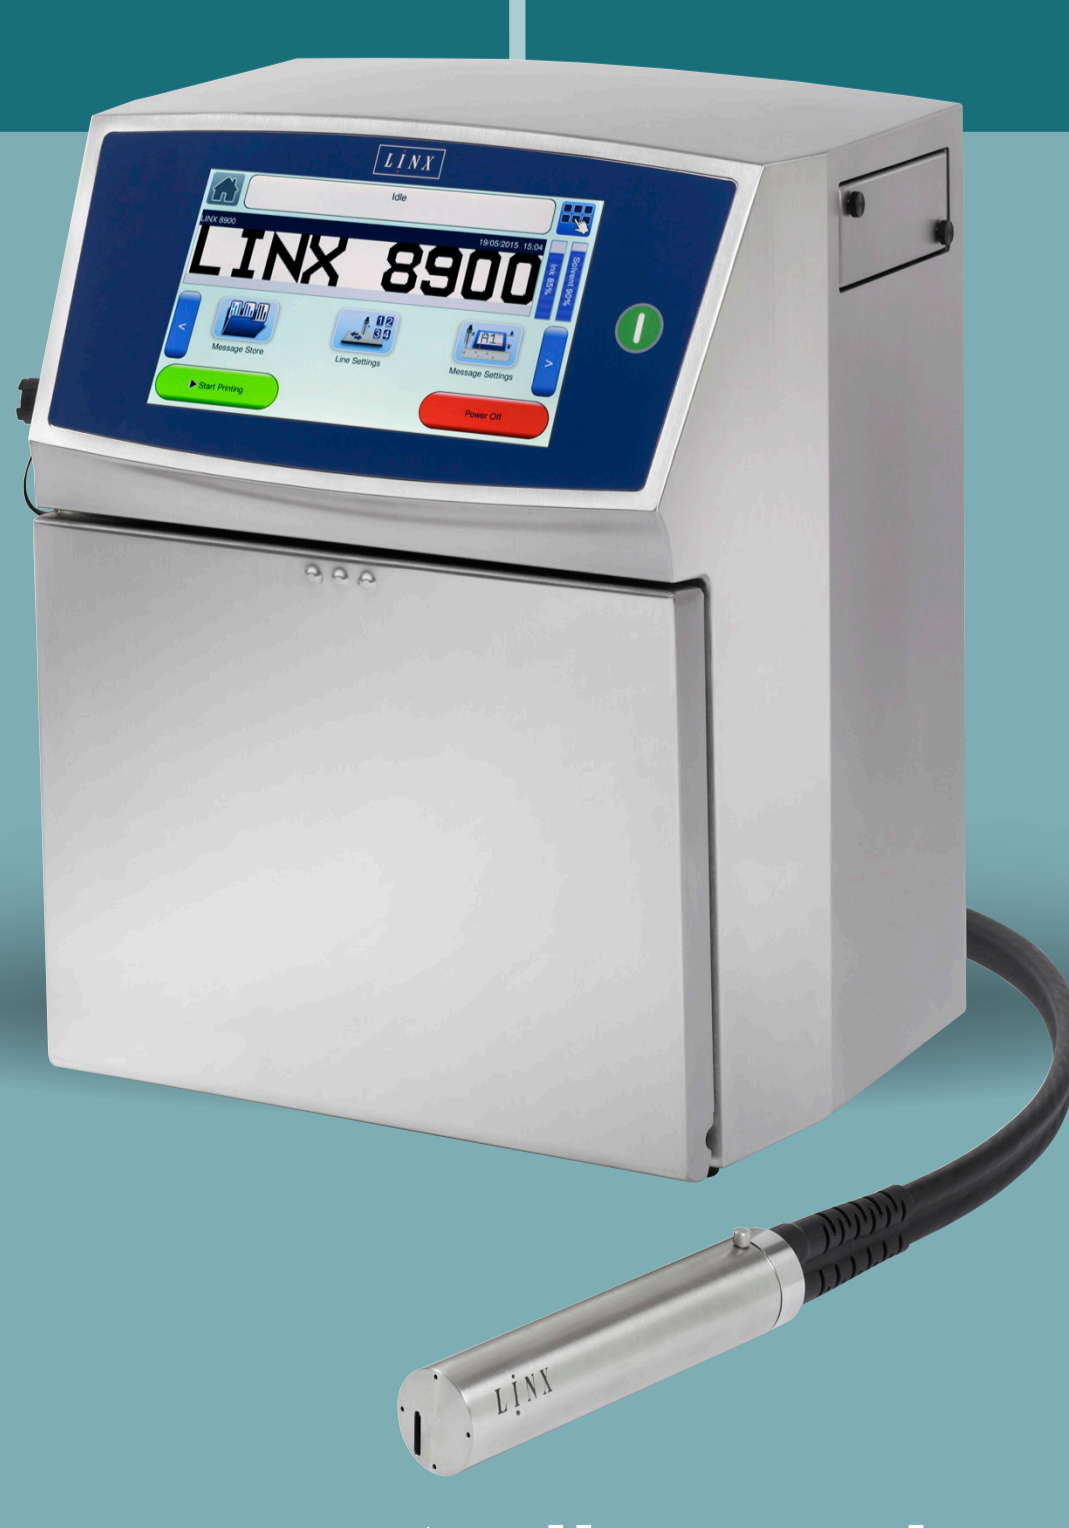

**Less  
downtime  
and cleaning  
with sealed,  
self-cleaning  
printheads**

**IP65  
rated**

for reliable  
operation in  
challenging  
environments

**Self-  
service  
printers with  
the longest  
service  
intervals in  
their class**
